SCHEDULE OVERVIEW OF THE DOCTORAL DAY

Vendredi 14 juillet 2023

8:30-9:00	Welcome of participants
9:00-9:30	Opening ceremony
9:30- 10:00	Keynote 1
10:00-10:30	<ul style="list-style-type: none">- Presentation of EDUNET & signatyre of agreements- Open Green Labs: M. Amine ZAROUK, signature of agreements
10:30- 11:00	Coffee break
11:00-13:00	<ul style="list-style-type: none">- Keynote 2- Keynote 3- Keynote 4
13:00-14:30	Lunch break
14:30-16:30	Oral sessions (4 sessions in parallel)
16:30-18:30	Posters sessions
18:30	Closing ceremony

SESSIONS

S-I	Industrial engineering and intelligent systems
S-II	Distributed computing systems
S-III	Innovative and energetic materials
S-IV	Information technology and artificial intelligence

SESSIONS PROGRAM

Session I	<p>Industrial engineering and intelligent systems</p> <p>Room: Amphi 1 Session chairs: H. SAMRI, S. BENSOUDA, A. ZAMMA, M. ECH-CHHIBAT, S. NISSABOURI</p>
Vendredi 14 juillet 2023 14:30-16:30	<p>Predictive maintenance implementation for rotating machines in automotive manufacturing “case study” Zineb Znaidi, Moulay El Houssine Ech-Chhibat, Azeddine Khiat</p> <p>Reliability Analysis of welding robots using the maximum likelihood method and exponential law Laila AIT EL MAALEM, My El houssine ECH-CHHIBAT</p>
	<p>Supply Chain 4.0 a literature review and smart solutions to improve warehouse safety Bensalem ELASRI, Abdellah ZAMMA, Salah NISSABOURI</p>
	<p>The supply chain evolution since the beginning of the Covid-19: resilience in response to crisis Hamza SAHIL, Zakaria Mighouar, Laidi ZAHIRI, Naoual BELOUAGGADIA, Jihane Melloui</p> <p>Improvement of energy efficiency and optimization of Aerosil insulation thickness for building walls in Morocco. Mohammed FELLAH, Salma OUHAIBI, Naoual BELOUAGGADIA, Khalifa MANSOURI</p>

SESSIONS PROGRAM

Session II

Distributed computing systems

Room: Amphi 2

Session chairs: M. QBADOU, K. MANSOURI, F. AKEF,
S. FARIS, I. BENNIS

A Taxonomy about Artificial Intelligence Applications in Industry 4.0
HICHAM TAOUFYQ, Kamal EL GUEMMAT, Khalifa MANSOURI, FATIHA AKEF

Contribution to the Development of Intelligent Teaching and Adaptive Training Systems
Mustapha RIAD, Mohammed QBADOU, Es-sâadia AOULA

Vendredi 14 juillet
2023
14:30-16:30

Nao robot for learning arithmetic in children with special needs
Soukaina Gouraguine, Mohamed Rafik, Mohammed QBADOU, Khalifa MANSOURI

Bayesian Regularization of Neural Networks for Prediction the Tensile Strength of HDPE Pipes
Ihssan Srii, Basha Shaik Nagoor, Mustapha JAMMOUKH, Latifa ELFARISSI, Abdellah ZAMMA

Towards a model for decarbonizing the industrial world using traditional methods and new technologies
YOUSSRA ZEGRAOUI, Khalifa MANSOURI, Idriss Bennis, FATIHA AKEF

SESSIONS PROGRAM

Session III

Innovative and energetic materials

Room: Amphi 3

Session chairs: L. ZAHIRI, N. BELOUAGGADIA, M. JAMMOUKH,
H. CHAITI, S. ELOUARDI

Contribution à la caractérisation et à la simulation numérique du comportement physico-chimique des nouveaux matériaux composites innovants et durables

Hamza ENNADAFY, Mustapha JAMMOUKH, Naoual BELOUAGGADIA

Enhancing the energy efficiency of merchant ships to mitigate their greenhouse gas emissions
Yassine GEANAH, Mustapha JAMMOUKH, Abdelilah HACHIM, Khalid El HAD

Enhancing Thermal Performance: A Numerical Study of a New Composite Wall Incorporating Phase Change Material

SABRINA JELLAJ, Salma OUHAIBI, Laidi ZAHIRI, Naoual BELOUAGGADIA, Khalifa MANSOURI

Towards a new eco-compatible material for food packaging applications.

Lina Goudali, Latifa ELFARISSI, Mustapha JAMMOUKH, Abdellah ZAMMA

Investigation of the thermal and mechanical properties of a sawdust-reinforced high-density polyethylene composite

Fatima Ezzahrae Morchid, ELFARISSI Latifa , ZAMMA Abdellah, IDIRI Mohamed, JAMMOUKH Mustapha

Towards aerogel for optimal efficiency of thermal insulation in buildings

OUMAIMA AIT KHOUYA, Mustapha JAMMOUKH, Abdellah ZAMMA, Latifa ELFARISSI

Vendredi 14 juillet
2023

14:30-16:30

SESSIONS PROGRAM

Session IV	<p>Information technology and artificial intelligence</p> <p>Room: Amphi 4 Session chairs: A. KHALIDI, Y. NADIR, S. AOUHASSI, L. AMHAIMAR</p>
Vendredi 14 juillet 2023 14:30-16:30	<p>Towards an Evaluation of Learners' Success Using Learning Management System and Learning Experience Platform Hiba Gharbaoui, Khalifa Mansouri, Franck Poirier</p> <p>Towards an intelligent system for improving the quality of higher education using Data Science techniques Khalid Oqaidi, Sarah Aouhassi, Khalifa MANSOURI</p>
	<p>Towards the transformation of the port of Tangier Med into an environmentally friendly port Fatimaezzahra Sakhi, Mohammed QBADOU, Khalifa Mansouri</p> <p>Energy Efficiency in the manufacturing industry: A conceptual framework and contextual research gaps Kawtar IBN BATOUTA , Sarah AOUHASSI , Khalifa MANSOURI</p>
	<p>An efficient hybrid approach for vehicle detection and tracking Ayoub El-alami, Khalifa MANSOURI, Younes Nadir</p>
